

WANTED

**FOR WAR CRIMES AND CRIMES
AGAINST HUMANITY**

Amir Peretz

On 12 July 2006, the suspect ordered the aerial bombardment of villages and cities in Lebanon, targeting essential infrastructure, such as water, food, fuel and electricity supplies. The bombing also damaged hospitals, clinics and schools - all places expressly prohibited from attack under international law. As a result of the bombing, ground assault and artillery fire, more than 1,200 people were killed including hundreds of children and elderly people.

On 8th November 2006, the suspect ordered the shelling of Beit Hanoun, a neighborhood in Gaza, in response to rockets fired toward Israel. For 15 minutes, residential neighborhoods were shelled, resulting in the deaths of 19 people, including 9 children. At least 40 people were injured. Firing shells deliberately and indiscriminately into civilian areas constitutes a war crime.

In August 2006, an official complaint was filed to the High Court in Morocco on the suspicion Peretz had committed war crimes and crimes against humanity. The suspect holds Moroccan citizenship. The complaint was filed by 3 Moroccan Jews, all renowned for their human rights work.

Description of the suspect: an olive-skinned man, about 60 years old, black hair, brown eyes, with a moustache.

Anyone who has information about the suspect when he is outside of the Israeli borders, please report immediately to a human rights lawyer. Relevant for countries with universal jurisdiction.
